

## Red Words

In Read, write, Inc. we refer to words that cannot be decoded as red words. Red words need to be read on sight rather than sounding them out in the normal way.

Below is a list of some common red words we learn in foundation. It would be helpful and highly beneficial to your child if you could support them at home with regularly learning to read these words, perhaps at the same time as the speed sounds and reading books.

Please pop in for a chat if you need to ask me anything. Many thanks for your support, Kim Rundle.
