GEOGRAPHY Y5 - 8 points of the compass Y2 - know that the poles are the coldest parts of the Earth in relation to the Equator

INTENT (Children will learn)

Sequence of lessons:

1 - Locate the coldest places on Earth and explain why parts of Earth are warmer/colder. Learn why

2 - Learn and identify the equator, lines of latitude and longitude and the tropics. Explain

3 - Describe and understand the meaning of biomes, climate zones and vegetation belts

4 - Identify the physical geographical features of

5 -Name the countries within the Arctic Circle

6 - Describe the human geography of the Arctic. Discover what life is like for people in the Arctic, compared to life in the UK. Explain how **climate change** is impacting human life in the Arctic.

7 - Explain the impact of climate change on

8 - I can suggest some actions that I could take which would have a positive impact on the Arctic

Outcome/composite Children will create videos which highlight ways we can all protect and save the arctic. Shared on our website and Facebook page to create a 'real' audience

Children will create a case for a mobile phone, using their own patterns and sewing techniques.

ART Children began working in their sketchbooks in Autumn and have been exploring their methods of presentation.

INTENT

learn to use Modroc as a sculpting material.

Sequence of lessons:

1 - To draw polar bear forms from

2 - Use sketchbooks to investigate the work

3 – Explore creating shapes and forms using

4 – Create shapes for my sculpture using

5 – Use Modroc to create a sculpted form

6 – Rehearse painting techniques (in

7 – Master painting techniques to paint

Outcome/composite a class gallery at the front of the classroom.

Reading opportunities across the Sunrise Curriculum

FRENCH Children have used regular verbs throughout Y5

and Y6. Some experience of irregular verbs in Y5. Numbers taught in Y3 and Y4.

INTENT

Sequence of lessons:

Sequence of lessons: 1 - I will learn 10 nouns for items of clothing and their determiners. 2 - I will learn 11 more nouns for items of $\mathbf 3$ - I will learn how to say what I am wearing in the item of clothing. **4** - I will learn more about adjectival agreement in French, describing items of clothing by colour and learning how to say 'my' in French. 5 - I will use all my knowledge in French to describe what I am packing in my suitcase for a

Outcome/composite Children will produce a presentation about items of clothing and what they would take on holiday.

INTENT

Sequence of lessons:

1 – I will learn the nouns and determiners for 6 classroom objects in French.

Outcome/composite Children will be able to have a basic conversation and order ice cream.

1- I can identify and name the parts of the

SCIENCE

Y4 - children identified animal characteristics

INTENT

1

- 2- I can describe the functions of the main
- 3-I can plan an investigation and I can
- 4- I can explain how water and nutrients
- 5-I can identify how humans can live a
- 6-I can explain the impact of drugs, alcohol and diet has on the body.

Outcome/composite

Create a poster to identify some strategies for saying 'no' to harmful substances. (Link to PSHE)

INTENT

1 – I can give reasons for classifying

- 2 I can describe how all living things are
- 3 I can identify the characteristics of animals
- 4 I can describe and investigate helpful and
- 5 I can identify the characteristics of micro-
- 6 I can classify micro-organisms found in my

Outcome/composite Children will present their findings of local area microorganisms in the style of a scientific TV report. Use iPads to record and edit.

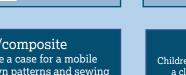

Morpurgo

Families will be invited to come and see them.

Children will display their polar bear sculptures in

Cruster @ @ Q Q ? i

DT

Y5 - completed a unit of work using CAD in

Children are also working on CAD in Y6

computing this term.

INTENT

Children will design a phone case and create a pattern using CAD. Children will sew their phone case.

Sequence of lessons:

The stages of this DT sequence are summarized below. A more detailed plan of

objectives can be provided on request.

Sunrise Curriculum Spring Sequence - Year 6 'What does our planet need from us?'

MUSIC

Y6 – children began to consider composition as part of a group performance.

INTENT

Children will: 1. Listen and appraise a range of songs 2. Collaborate to compose a song 3. Perform as part of a group

Sequence of lessons: Charanga 'Plastic' unit

<u>1 - Listen and appraise</u>

- 2 Identify our audience and write rhyming couplets in groups
 3 To work collaboratively to write a
- 4 To edit chorus and write a bridge
- 5 To perform a song using voices
- 6 To evaluate our performance

Outcome/composite Children will record a music video to be shared with other classes and with parents via Seesaw.

HISTORY

Y3 - children learned about the ancient Romans Y5 – children learned about the ancient Maya

Sequence of lessons:

Outcome/composite Children will make a booklet to show the history of medicine.

COMPUTING

Y2 - children learned how to organize data in a spreadsheet Y6 - children worked with CAD in Autumn

INTENT

Children will: 1. use formulas to produce calculated data 2. use a spreadsheet to plan an event 3. create graphs and charts to evaluate resu

I - To identify questions which can

2 - To explain that objects can be

described using data
3 - To explain that formula can be used to produce calculated data

• 5 - To create a spreadsheet to plan an

Outcome/composite

Children will plan a fundraising event and show

profits using spreadsheet

INTENT

Use a computer to produce 3D models Use Tinkercad to manipulate models

• 1 - To use a computer to create and

2 - To compare working digitally with

• <u>3 - To construct a digital 3d model of</u>

• 4 - To identify that physical objects

5 - To design a digital model by

• 6 - To develop and improve a 3D

Outcome/composite

Children will create a 3D model of a photo frame

and evaluate it.

Sequence of lessons:

• 4 - To apply formulas to data,

• 6 - To choose suitable ways to

Sequence of lessons:

INTENT

Children will: Show an understanding of why many

RE

Children have studied the Creation Story throughout their

primary years. They have discussed evolution in Y6 as

part of science.

Sequence of lessons:

- I To understand what type of text

- 2 Suggest what Genesis means and consider how others interpret it
 3 Explore cosmology and evolution
 4 Make connections between Genesis

- 4 Make connections between Genesis and God as a creator.
 5 Identify points from Genesis which are inspiring and helpful to Christians.
 6 Weigh up how far the Genesis creation narrative is in conflict or complementary of scientific accounts and give opinions.

Outcome/composite Children will summarise their findings on a double page spread presentation.

INTENT Children will understand how salvation and incarnation fit into The Bible's 'big picture'.

Sequence of lessons:

- I Understand why Christians
- 2 Understand that the Gospels
- 3 Visit the churchyard to seek
- 4 Children consider the difference some kind of life after we die. and the

Outcome/composite Children will give a one minute presentation to explain what difference believing in life after death means to Christians

PSHE

Jigsaw is based on a spiral curriculum. All puzzles are revisited year on year.

Dreams and Goals

Healthy Me

and feelings of being stressed and that there are strategies they can use when

Outcome/composite Children will add to a class display of our Jigsaw learning.

PE

Children have previously played Tag Rugby (Autumn Y6) as an invasion game.

INTENT

Children will learn to play in different positions on the court.

Sequence of lessons:

- 1 Perform a variety of passes withing a game
- 2 Pe
- stop with a pivot) 3 Perform correct footwork in a game (jump
- 4 Perform a variety of dodges to move into a
- 5 To defend a player during a game and to
- 6 -

Outcome/composite

Children will combine their skills to plan and perform group sequences which incorporate all the skills from across the unit to music.

INTENT

Children will learn about the skills players need in game such as cricket, rounders, French Cricket and Danish Longball, e.g. catching, throwing, batting and fielding.

Sequence of lessons:

- 1 I can react quickly and catch balls thrown at different heights and angles.

Outcome/composite Pupils will create rules for their own batting and fielding games and share these with their classmates.

Curriculum Kernewek

When comparing Truro to an Arctic city, we will pause to appreciate our local area's highlights and benefits. We will consider how our home town is similar to life in another part of the wider world. We will learn about careers and jobs that are similar and different.
